Dear Mike,

On behalf of our charitable organization, I wanted to thank you for taking the time out of your busy schedule to visit with us to help our charity on March 24th.

You provided our organization the benefit of your years of experience in providing the right mix of music to set the evening for its future success. In addition, your ability to read our crowd, provide emcee and directional duties, simply enhanced our fundraising event. Your encouragement and enthusiasm for our cause, enabling us to raise and donate money to various animal related causes, was of great benefit. This is not the first time, that you have added your talents to our cause. Knowing your true desire to help the pets in our world around us, and knowing your sincere and genuine earnest desire to help in these matters, made your appearance even more meaningful.

Our entire volunteer team extend our appreciation for your valued help that evening.

Gratefully,

Steven G. Paul D.V.M.-Executive Director
